

Commencement 2020

Our video is now complete. Please note that not all students that attended grad are in the video. We were able to capture approximately half of the students who attended. The video was put together by a staff member who volunteered their time to capture a variety of moments throughout the day. All students that attended while the staff member was able to be outside videoing are included. We hope that for those of you not in the video are able to enjoy seeing some of your friends. You also have access to the photo's that were taken by Edge Imaging. Everyone has a photo that they are able to download compliments of Edge Imaging.
