This photo booth is vehicle sized so everyone can join in on a fun photo with the graduate or the graduate can get out and take a photo on their own. **NEW:** Edge Imagining (rather than staff) will be taking photos at the photo booth and all graduates will have access to one free photo online following the ceremony (details to follow). These images will also be used for our graduation video. Feel free to take your own snapshots as you go through the ceremony.
- Staff will be taking some action shots and video footage to include in the video as well
- Photo's and video from our commencement ceremony for Grade 12 graduates will be included in a video where the names and/or images of graduating students will be recorded and published on the internet that can be viewed online through a public link. The video will be available to be viewed from Dec 1st – Dec 30th and may be shared with family, friends and others who may be interested. If you have questions and/or concerns with the creation and/or publication of this video, please contact the school office no later than Nov 6th, 2020.
- We would love to include your perspective. If you will be recording video from your vehicle of the event, or of your Grad before or during the event, feel free to send those videos to our Instagram or Facebook pages! We will include as many videos as we can in the final edit.
