CO-CHAIR

**NICOLE
SCHOEP**

I've always believed in giving back to my community and supporting our schools and students the best I can, by being involved. Since joining the SCC in 2020 I have enjoyed volunteering at the school dances, spearheading and launching a fundraiser to raise money for a student success recognition program, as well as applied for and received funding through Pro-Grant allowing the school to host community events such as our family paint nights which have been a great success and lots of fun for families. The SCC and I are always working together to seek new initiatives and ideas.

I am an advocate for special needs, as both of my children are on the spectrum, which has lead me to do a lot of research, gain a wealth of knowledge and hands on experience. Currently, I work as a Lunchroom Supervisor within the DDSB. I have many hobbies and interests, one of which is arts and crafts. Using my Cricut and Sublimation Printer to bring out my creativity, I like to design and make things, such as shirts and other items. I really enjoy my children and finding ways to spend time together through their interests. I also have two beautiful and friendly puppies, that take up much of my time.

If you are ever in need of assistance or support please feel free to reach out, either by email: SCC.EastdaleCVI@scd.ddsb.ca, or on Facebook through the Parents of Eastdale CVI group.

We'd love to see you at our next SCC meeting. All are welcome!

CO-CHAIR

**KAREN
LEITH**

I have been a part of school SCCs since 2010, at the elementary and now secondary levels. I like to stay informed of what is going on in my kids schools, as well as volunteer my time. When my kids were in elementary school I was able to go to on class trips, volunteer at school functions and pizza lunch days.

I enjoy helping to organize and execute school initiatives.

I hope you will join us at the next SCC meeting.

MEET YOUR SCC MEET YOUR SCC

SECRETARY

**SHANNON
BILLINGS**

After relocating to Oshawa in 2016 from small town life in Haliburton, for me, joining the SCC was a great way to meet new people while building a renewed sense of belonging, purpose and community connection.

Growing up on a dairy farm in southwestern Ontario I learned the value of hard work, a strong moral compass and the importance of community from a young age. As a fulltime realtor with RE/MAX Jazz here in Oshawa, these core value serve as my foundation as I assist my clients.

It has always been important to me to give back to my community, to help others and to set an example of community service for my children.

Although the school endeavors to communicate to parents, the adage "like pulling teeth" best describes getting information from my teenagers about what's happening at school. Being involved with the SCC has been the single most effective way for me to know not only what's going on with school events and activities, but also what challenges the school is facing, what victories they are celebrating, and to get a feel for the culture of the school.

The SCC provides the opportunity to foster relationships with school staff, parents and the community. It's one of the best decisions I've made to feel connected to Oshawa and Eastdale CVI. Come out to join us and see for yourself!

TREASURER

**JENNIFER
KELLY**

This will be my fourth year being part of the Eastdale SCC, as either Treasurer or Co-Treasurer. I am a Mom of two, my youngest is currently in grade 12. When I first joined the SCC it was to be able to be a support for my child who is on the Autism Spectrum, and to connect to other parents and get information about what is going on at the school... because we all know how well teenagers like to share information.

I hadn't planned to take a position when I first joined, but there was an opening and my work as an Accountant made it a natural place for me to apply my professional skills to help the school council where I can.

Being involved in the SCC gives us direct contact with the school admin staff, allows us the ability to ask questions at the meetings about school happenings and to be able to provide feedback on how we feel things are going which has made the last couple of years a little easier to get through. We have been able to share our input for some of the school events and provide the staff with information about what kinds of information that we as parents want/need to know to help us better navigate highschool with our children.

If you want to take your support for your child's education just a little higher, come join us. You will learn so much about what is going on at Eastdale and the dedicated team of staff.

INCLUSIVE STUDENT SERVICES ADVOCATE

**FAIZA
AZIZ**

As a member of the SCC, my goal is to lend my voice and experience to advocate for diversity and inclusion initiatives that support our students, as we at Eastdale CVI continue to value DEI (diversity, equity and inclusion) initiatives as part of the core foundation for our students and school community.

In my role as an Information Security Risk Consultant with one of Canada's 'Big 5' banks, I share an ideology of servant leadership and I am always ready to make an impact and share my knowledge with a broader audience. As a diversity and inclusion advocate, I currently lead a team of volunteers whose focus is on career development initiatives for a network of individuals to help connect them with leaders from all areas of the organization. I also sit on the Board of Directors for a non profit organisation, (ISC)2 Toronto Chapter, partnering with cybersecurity leaders across North America and lead the event planning as Director, Communications and Events.

My family and I love to go on trail walks and hikes throughout the area, exploring all that our community has to offer. In my spare time, I enjoy keeping up with interior design trends, gravitating towards the warmth of "colonial modernist" vibes.

I encourage you to join (either online or in person) our monthly SCC meetings to provide your input and be part of our continued efforts.
